## Class History

Coming from the various grammar schools in town, we became acquainted with each other and high school work. In a school such as Greenpark, where we were the seniors we felt rather big, so we prepared to make our grand rush to the High School. Arriving here we soon found out that there was more to this game of High School than we thought. Nevertheless we soon settled down, and days of our Freshman year were spent getting straightened out into the routine of school.

Due to the addition of the twelfth grade, and since our class was the first one to have the opportunity of taking it, we were able to participate in what we call the annual and climaxing event of the year—the Junior-Senior—three different years. But there were no complaints about that. As we looked back into the senior year we recalled all the pleasant events during the years in dear old Hickory High and we heaved a sigh somewhat of relief and somewhat of anxiety due to the fact we were through H. H. S. and then looking to what we might undertake as we leave this school.

Our paths leading from the school were varied. Some led to further education, others to various types of work. Some of our paths may cross and some may not, but no matter where they lead, we can always look back to this school, its fine faculty and all our many friends and remember the events of the school, some pleasant, others not so pleasant, and then smile as we trudge onward through the journey of life.

# Senior Class Prophecy 1946-1947

This is Station A. T. O. M. on the air! Tonight we present "The Three Seers" (without Roe-buck). These ladies are brought to you tonight by Doctors J. HUTTON'S and M. CLENSEUR'S new wonder drug, Atomicillin. Tonight we have a special program brought to you direct from the United Nations general assembly at its new permanent headquarters on the site of the old Hickory High School building, Hickory, North Carolina. Now we bring you "The Three Seers." Take it away, U. N.!!

"This is *The Three Seers* giving you on the spot news of the U. N."

As we assemble in this magnificent auditorium, designed by PHIL PATTON, noted architect, and constructed by the RITTER-PIERCE Construction Co., we are impressed by the beautiful drapes and furnishings created by Hickory's leading interior decorators, BARBARA CROUCH and SUE HELTON. On one wall we see the latest painting of VANCE GOODE, "Nita's Night," inspired and posed for by JUANITA WARREN, artist's model. Chairs for the U. N. were made by the Hickory Chair Co., owned and operated by the LAFFON brothers, RAY and REID. The lighting effects were arranged by the HONEYCUTT-BUMGARNER Electrical Co., with the unique air-conditioning being perfected by DOLAN HUFFMAN.

The meeting is being called to order by the President of the Assembly, HENRY ABERNETHY. His voice comes over loud and clear due to the installation of the public address system by ALBERT LYERLY, BILL PHIFER, BOBBY DEAL, CLARENCE HUFFMAN, HAROLD LAIL, HAL STARR, and ERNEST ROBINSON. A few late delegates are being shown to their seats by the official pages, LUCILLE McCULLOH, FRANKIE McNEILLY, PEGGY MILLER, RUBY ADAMS, and MARTHA CLINE, and headed by chief usher, EVELYN PETREE. The secretary, JAMES FURLONG, then reads the minutes and the meeting is officially under way.

As the room becomes quiet, Reverend JOHN W. LANEY, president of the American Association of Ministers, rises to lead the devotionals. He was accompanied to the U. N. by a group of well-known religious educational directors, KENNIE MAE LAWRENCE, PAULINE SAIN, MARTHA JANE SELF, BETTY WEAVER, MILTON SNYDER, BETTY CRUMP, and BONNIE BYNUM.

The issue tonight is: "Whether or not the small eastern province of Newton shall be taken into the United Nations as a mandate." All is silent as the American Representative, ELMER BROYLES, begins his opening address to the assembly. Seated beside him is his chief adviser, HAROLD SIGMON, who joined Representative Broyles by flying from London, England, where he has just attended a world conference. He was flown from the conference by special pilots, BENNY FOX and VANCE BRIGHT, and their special staff of hostesses, JANELLE TRAVIS, DORIS WOOTEN, DOROTHY BRITTAIN and PEGGY WILHELM. He was driven from the airport in a special taxi, designed by JOE THOMPSON, sold by R. A. HIGH, and driven by HAROLD DEAL, chief taxi driver for "UG" LIPPARD'S Taxi Service.

The Representative's chief secretary, AEIRWANTIA PROPST, is seated at his left taking notes to be sent to the secretarial staff made up of BETTY JEAN REVELS, BLEEKA ROWE, PATSY SETZER, DOROTHY McCRAY, ELLEN MCINTYRE, and SARAH LOU KILLIAN. The Representative's wife sits in the audience breathlessly awaiting her husband's utterance. Mrs. Broyles is attired in a BETTY RAMSEY creation, bag and gloves by that well-known designer, JOYCE HOWARD, and her chapeau (hat, to us) designed by the renowned milliner, PEGGY RAE WILSON. Mrs. Broyles purchased these lovely garments at a fashion show, given in the "Fuschia Room" of the Hotel Hickory, managed by BEN ROBINSON. Models from the BOB WOOD Model Agency were dressed in the latest styles by designer, RUTH LEMMOND, and were bought for the show by famed buyer, AGNES WELLS. Among the models for the show were MARGARET JONES, ANN WHITENER, PATSY FORD, and MARGARET WADE ANDERSON. Music for the occasion was furnished by Station W. H. K. Y. which sent its two singing stars, Billie Jones and Polly Abernethy, who were accompanied by PEGGY PEELER, noted musician. We noticed gossip columnists BETTIE RAINEY GAMBLE and ADA JANE CEITNER from the Hickory Daily Record talking animatedly with the fashion editors, BETTYE RUDISILL, from the Newton-Conover Journal, and JANIE BOLCH, of the Statesville Herald-Tribune.

Refreshments were served by the Hotel Hickory waitresses, JOAN TAYLOR, BETTY JO WEAVER, BETTY JEAN WHITE, MARJORIE WALLS, PEGGY BOST and EDNA DEAL. This meal, being prepared by the hotel's dietitian, SONYA WITTEN, was home-grown by gentleman farmer, DWIGHT ADKINS.

". . . . and I thank you." Representative Broyles, having finished his brilliant speech, sits down amidst thunderous applause. As the room returns to silence we notice for the first time the press box, which plays such an important part in the U. N. In the front of the box we see the two official secretaries of the press, ESTHER ZERDEN and NAOMI BOLICK, and BOB BEARD of the Granite Falls Gazette, motioning to the other American reporters, NANCY POOVEY, JAMES MARTIN, and NEIL COX, who points out a new addition to the Hickory Daily Record Staff, that of JAMES SMITH, cartoonist, whose comic strip, "The Perils of 'PEEPY' STEELE,"

# Senior Class Prophecy 1946-1947

has been read and loved by millions. Official photographers for the Lenoir Daily Mirror, LEWIS SETTLEMIRE and ANN BROOKS, have just snapped the cartoonist's picture.

While we have been noticing the press box, an emergency intermission has been called due to a relapse of the Russian Ambassador, who was carried from the assembly by PAUL BIGSBY and GENE LAIL, ambulance drivers for the A. L. LUTZ Funeral Service. The ambassador, accompanied by his American secretary, RUBY BAILEY, has been carried to the office of Doctor TOMMY HAWKINS, chiropractor, who has treated many of these relapses by a special liniment manufactured at the TRUMAN HUDSON Cut Rate Pharmacy, situated under the dental offices of Doctors JOHN RHODES and ROBERTA COOK. This emergency was calmed by the appearance of three nurses, ONEDA MCGUIRE, MARDECIA LITTLE and PEGGY McIVER.

During this intermission we will try to tell you a little of the Hickory city officials who have given so much of their time and energy to make this U. N. a success. There is Mayor RAY HOUSTON, aided by his efficient secretary, NINA BURNS. A famous crusader against crime, Mayor Houston was responsible for the capture of R. A. "BUCK" ANDREWS, public enemy no. 1,363,785½, who was apprehended by Chief of Police ROBERT MOZELEY and patrolman JAMES MOSS. Andrews was a member of the famous BOSS BUDDY BOWMAN gang, which was "busted up" by WALTER "BUSTER" PROPST, District Attorney, after being exposed by the sensational novel, "Crime Always Pays," by internationally famous novelist, MARTHA WITHERSPOON, as dictated to her secretary, MARGIE FOX. We also give credit at this time to Fire Chief HERBERT MARLOWE and his firemen, JIMMY POOVEY, J. L. SETZER, KENNETH POWELL, GENE PRICE and BILL BEAM, all of whom succeeded in squelching the great conflagration of the BOB LAIL Pool Emporium. City Commissioner PRESTON HUFFMAN and Chief Councilman CONWAY FULBRIGHT, with their respective secretaries, PEGGY WHITE and MARY FRANCES BOLICK, have also done much in aiding the public by erecting a new high school on the site of the old "City Barbecue" to take the place of the Hickory High School, which was demolished under the direction of demolition engineers J. B. LOWMAN and BOBBY WITHERSPOON.

Principal of the new high school is VIRGINIA GABBARD, first lady principal of a high school in Hickory. BETTY RUTH SEITZ is her secretary and her teaching staff is made up of JEANETTE FRANKLIN, English; CORA ALICE WILSON, math; MICKEY TAYLOR, business administration; PEGGY JEAN TALLANT, history; MADEMOISELLE BOBBIE MITCHELL, French; AUDREY BOLCH, typing; CHARLES ROGERS, chemistry; ROBERT CANSLER, physics; BEULAH DURHAM, Spanish; MILLIE ANN DE LINGER, art; CAROLYN BALCH, band; MARY CATHERINE STARNES, glee club; GWENDOLYN SETTLEMIRE, special log adviser; CHRISTINE DERHODES, girls' basketball coach; a new teacher, MARY LEE YOUNT, who takes over the kindergarten next week; and MARY JO WHISNANT, who teaches a special class of "Transfers." Football, basketball, and baseball coaches RAYMOND PAYNE, J. C. HILL, and RICHARD MARLOWE were commended by the principal when they returned from the Yankee Stadium in New York City after coaching their teams to a worldwide victory in a special World Olympic Games for high schools.

Silence is again the keynote as the president of the assembly rises to welcome a delegation of housewives from the United Housewives of America, whose national president is the former MISS JEAN FRANS. Other Hickory High girls now members of the delegation are JUDY STEVENSON, INEZ DUNCAN, HILDA WILLIAMS, BETTY TEAGUE, and RUTH FISHER. OLGA HENKEL, DOROTHY HEFNER, BETTY LAEL, and MARTHA JANE BROWN gave demonstrations of "Three Ways to Change a Baby's Diaper", while MARY ANNA LAIL, BETTY LINGLE, and SALLY POARCH presented their ideas on the latest culinary achievement "Scrambled Eggs in the Shell." A special feature was DOTTY RABY'S lecture on "How to Get Your Man in Ten Easy Lessons or Five Hard Ones."

Representing the people of America in all walks of life was a committee including FREDDY MILLER, scientist, and his laboratory technician, DORIS LENTZ; WILBUR McABEE, theater manager, and his latest star, BEVERLY NUNEZ; NELLIE PARSONS, noted veterinarian; JACK SHERRILL, U. S. Marine Corps commander; and EDWARD CLINE, well-known traveler and man-of-the-world. This committee is reporting to the Assembly on "The Effect of the U. N. in American Life."

Our time is getting short, so we'll end our broadcast with a toast to the Class of '47 and to the future!

## THE STENOGRAPH

### .... The Modern Way of Recording Speech

It is the fast, accurate machine way.

Whole words, often phrases, are printed at a single stroke—and faster than characters or symbols can be written by hand.

And they can be written at top speed without sacrifice of legibility.

For whether written hurriedly or slowly, there is no variation in the machine-made notes of Stenographers.

The Stenograph has no speed limit.

And those notes are printed so plainly and so clearly they cannot be misread by any Stenograph-er, now or years later.

For Stenograph-y is a universal system. Any Stenograph-er can read and transcribe the notes of any other Stenograph-er. The printed notes never get "cold."

Everywhere, and in all fields, the demand is for personal efficiency.

There is no unemployment for those who can meet that demand.

The Stenograph meets the demands of business and government service as they have not been met before.

Whether it be in the office, in the courtroom or in reporting conferences and conventions, Stenograph-ers record speech better, faster, and more accurately with less effort.

And whether it be letters, court proceedings or convention reports, they transcribe more quickly, more accurately and in greater volume.

The Stenograph is the latest and most improved of all shorthand machines. It is smaller, lighter, quieter and it has a non-breakable metal alloy frame.

If you seek employment with opportunity—employment leading to careers in business, government service or in the field of professional reporting—consider secretarial and stenographic work. It has helped countless thousands of men and women to preferred positions in all those fields.

And consider a Stenograph secretarial course. You will be faster, more accurate, more efficient.

For more information, for a free demonstration or a trial lesson, call, write or phone ...

## LAST WORDS OF THE EDITORS

Being women, we must have the last word . . . It's with mingled emotions that we complete the 1947 HICKORY LOG: we are sad because we are at the end of a very pleasant experience; we are happy because we can now come out of hibernation from our den (Room 11) and find out how the rest of the world is living.

We've had nightmares about the book coming out printed in invisible ink. We've thought at times maybe it wouldn't even come out.

We've made mistakes—plenty of them. All complaints can be mailed to Alaska; we're getting away from it all. If you don't have the price of a stamp, just tell next year's editors; they may profit by them.

We do hope that we've given you an annual that you will like . . . anyway, we've tried . . .
